INTRODUCTION

1. This is a simplified copy of the Drug Formulary. The “ Indication / Dosage / Contraindications / Precautions / Interaction / Adverse Reactions ” portion has been omitted in this copy, for convenience in order to reduce the number of pages to be printed.
2. The drugs in the formulary are classified according to generic names.
3. Drugs in this formulary are classified according to organ or system on which they act and their chemical, pharmacological and therapeutic properties.
4. This formulary also indicates the category of prescriber authorized to initiate the prescription for the drug.

A* = Consultant / Specialists for specific indication only
A = Consultant / Specialists
A/KK = Consultant / Specialists / Family Physician Specialists
B = Medical Officers
C = Paramedical Staff
C+ = Paramedical Staff doing midwifery

LP = Local Purchase
KPK = Approval of Ketua Pengarah Kesihatan

5. Approval for procurement and use of drugs outside the Ministry of Health Drug Formulary must be from the Director General of Health.
